Dear Perspective Families,

Thank you for considering Saint Hilary Catholic School! Our school is a Christ-centered community that is built on the foundation of faith and academic excellence. Our dedicated faculty and staff are committed to providing a setting in which students are encouraged to strive for excellence. Saint Hilary School students grow and learn in a nurturing, loving and faith-filled environment. Our students are inspired to “Learn. Serve. Lead. And Succeed”. Through their involvement in campus-wide service projects, sports teams, student council, various clubs, and school families. St. Hilary School students’ learning extends beyond the four walls of the classroom.

Our students are actively engaged in their learning each and every day. In conjunction with our core academic program, students participate in STEAM, fieldtrips, and enrichment activities that foster collaboration. In addition, students have access to iPads to meet the academic rigor of 21st century learning.

Most importantly, our students are immersed in their faith on a daily basis and in very concrete ways. Each day begins and ends with prayer as a reminder that Jesus Christ is the reason for our school. During our bi-weekly masses, students are fully engaged in the liturgy by altar service, lecturing, or chorus. They are able to experience being part of Christ’s Church, an inspiring strong parish support, and a Christian community beyond our campus.

We look forward to you joining our family and becoming a part of all that St. Hilary School has to offer! If you are in need of any further information, please call our office staff at (562) 942-7361 or email us at office@sthilarycougars.org.

Blessings,

Ms. Alissa Sedano
St. Hilary School Principal

I realize there may not be room for all who apply to St. Hilary School. While the school does not discriminate against students with special needs, a full range of services may not always be available to them. Decisions concerning the admission and continued enrollment of a student in the school are based upon the student's emotional, academic, and physical abilities and the resources available to the school in meeting the student's needs.
