## *Baptismal Font* *Born Again in Water*

“Truly, truly, unless one is born of water and the Spirit, he cannot enter the kingdom of God.” [John 3:5]

The Font is symbolized as Tomb and Womb of the Church.

- Baptism washes away our sins but also immerses us in the mystery of the death and resurrection of Christ.
- By being given the gift of the Holy Spirit we are now members of the body of Christ, which died in order to be resurrected.
- Through death we have been given eternal life. These actions happen by water and the Holy Spirit.

Placing the baptismal font in the front entrance of the chapel symbolizes the importance of having the community present when celebrating the sacrament: the community of God's own people, a holy race ready to love and assist the child after baptism. We have now become members of the same body.
