

Pews - Gothic Revival

The structure of the red oak Gothic Revival pews mimics that of the large stained glass windows in the nave.

The pew end is carved with the traditional Gothic pointed arch, which is also carried through the arch of the sanctuary.

This style of pew structure connects those participating in the Mass, making us one with the holistic theme of the church. We celebrate the liturgy from where we are, yet we are still an active whole body.

Total Sponsorship
\$242,000.00

CHAPEL PEWS

(44 Available)

Memorial \$5,500.00 each
