

## *St. Paul* *Honoring Christian Values*

St. Paul, for whom the Newman Chapel for NDSU is named, was sent with a mission to convert the Gentiles to turn and worship the one true God.

His writings and letters make up almost half of the New Testament, giving him strong prominence among the founders of Christianity and our Church. Paul's words enlightened those navigating the new waters of Christianity.

His words were inspired by God's grace to help us on our journey to obtain salvation and eternal life. We celebrate him today and are thankful for the influence he has had on so many souls being redeemed to God.

The early Christians relied on Paul's words for guidance on how to live good Christian lives. In Paul, God sent our Christian brotherhood a spiritual leader who exemplified what Christ taught.
