

The Holy Family *Honoring Christian Values*

The Holy Family provides a model for Christian life.

Joseph and Mary lived the Christian virtues before they were described as "Christian." They were an active, loving, mobile, event-seeking, carpentry- working, wedding-celebrating, gather-your-cousins-and-go-to-temple family.

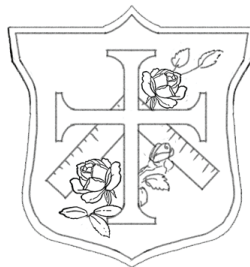

We see how this foundation gave Christ His ability to present His mother to humanity as their "mother," and to present His earthly father Joseph to us as the patron saint of the Church. Because Joseph gave Christ protection and care unconditionally when He was weak and innocent, Joseph became a model for men just as Mary became a model for women. They became models for us through Christ because of their active participation in God's will.

Christ made us His brothers and sisters, one body in one Lord, one family in Christ. Christ knew that every family needs important values to live by to be happy, to get along, to love one another, and to help one another.

The start of our Christian journey begins with The Holy Family. The Holy Family gives to humanity a love unlike any other. They gave us their son, Jesus, thereby adopting us all into God's heavenly kingdom for eternal life.
