Math Concepts to "be ready" for 2nd grade

- Place value: Hundreds, tens and ones and what they mean. How do you move between hundreds and tens? Regrouping between place values.
- How to use a number line. Example: The greater numbers are to the right, the lesser numbers are to the left.
- Addition and subtraction facts within 20 fluently
- Addition and subtraction patterns: plus or minus 1, plus or minus 10, doubles, doubles plus/minus one, making 10 (6+4, 7+3), fact families (7+3=3+7).
- Skip counting forward by 10s and by 100s when given ANY starting number.
- Skip counting backward by 10s and by 100s when given ANY starting number
- How to estimate time- example: Does tying my shoes take minutes or hours?
- How to use an analog clock to tell time to the 15 minutes.
