MISSION STATEMENT

We, at The Church of the Resurrection, are a Catholic community of people from all walks of life who foster acceptance, love, and the hope of resurrection. Our call is to nourish our love of God through Jesus Christ under the guidance of the Holy Spirit. Centered in the Eucharist, we are nurturing a faith community through education, prayer, worship and Christian fellowship. As stewards we receive God's gifts gratefully, cultivate them responsibly, and share them lovingly, thereby bringing Jesus into the daily lives of our brothers and sisters in Christ.

MESSAGE FROM FATHER JOE:

Here is a testimony reported in the Reader's Digest magazine that could be useful for all of us.

I was having an average morning until I sat down in front of my office computer. Your password has expired," a server message flashed on my screen, with instructions for changing it. In my company we have to change passwords monthly.

I was deeply depressed after my recent divorce. Disbelief over what she had done to me was what I thought all day long. I remembered a tip I had heard from my former boss. He'd said, "I'm going to use a password that is going to change my life." I couldn't focus on getting things done in my current mood. My password reminded me that I shouldn't let myself be a victim of my recent breakup and that I was strong enough to do something about it.

I made my password: Forgive@her. I had to type this password several times every day, each time my computer would lock. Each time I came back from lunch I wrote 'forgive her.'

This simple action changed the way I looked at my ex-wife. That constant reminder of reconciliation led me to accept the way things happened and helped me deal with my depression. By the time the server prompted me to change my password the following month, I felt free.

The next time I had to change my password I thought about the next thing that I had to get done. My password became Quit@smoking4ever. It motivated me to follow my goal and I was able to quit smoking.

One month later, my password became Save4trip@europe, and in three months I was able to visit Europe. Reminders helped me materialize my goals and kept me motivated and excited. It's sometimes difficult to come up with your next goal; keeping at it brings great results.

After a few months my password was: Lifeis#beautiful! Life is going to change again.

May all of you have a great and positive week before you.

Father Joe SDB

FAITH, HOPE AND LOVE...ARE THESE PRESENT IN YOUR MARRIAGE? Have you given up hope that they can be? In 1 Corinthians 13:13 Jesus tells us the greatest of these is Love. Living in a marriage that is missing love can be difficult. If you have given up hope that your marriage can and will get better, ask your spouse to consider attending a Retrouvaille program. Retrouvaille is an international Christian-based ministry that offers a three-stage program to help couples improve their marriages. First, a weekend program is attended, followed by post-weekend meetings. Finally, an on-going monthly small group of couples gather for support and growth. If improving your marriage is important to you, reach out today. For more information about a RetrouvailleWeekend or www.helpourmarriage.org, www.retrouvaille.org . Last day to sign up January 31st 2020.

PARISH NURSE NOTES
 Originally developed for self-defense, Tai Chi has evolved into a graceful form of exercise that's now used for stress reduction and a variety of other health conditions. Often described as meditation in motion, Tai Chi promotes serenity through gentle, flowing movements which are performed in a slow, focused manner and accompanied by deep breathing. Each posture flows into the next without pause, ensuring that your body is in constant motion. Tai chi is different from yoga because yoga includes various physical postures and breathing techniques, along with meditation. Tai chi is low impact and puts minimal stress on muscles and joints, making it generally safe for all ages and fitness levels. If you're an older adult who otherwise may not exercise, Tai Chi can be a positive part of an overall approach to improving your health. The benefits of Tai Chi may include: decreased stress, anxiety and depression, improved mood, improved aerobic capacity, increased energy and stamina, improved flexibility, balance and agility and improved muscle strength and definition. More information about upcoming classes at Resurrection will be available soon.

Now is the Time!
 In the United States and right here in Grand Island there is a growing hunger for God among men. We are meeting together in the Fall and Spring to share our stories and learn more about what God is calling us to do. The emergence of new ministries with men is a welcome development within the Church. Please join us as we grow this ministry in our community.
