St. Anthony of Padua

St. Anthony
Pray for us.

A SAINT'S LIFE

St. Anthony of Padua,
Doctor of the Church,
Feast Day: June 13th

Born in 1195 in Lisbon, Spain, St. Anthony lived throughout the Mediterranean. Baptized Fernando, he entered the monastic order of St. Augustine at fifteen, spent nine years studying in Coimbra, and was ordained a priest. Inspired by Franciscan martyrs, he joined the Franciscans, took the name Anthony, and traveled to Morocco to continue their work. St. Anthony returned home due to serious illness, but his ship encountered severe storms, eventually landing in Sicily. He was nursed back to health. In 1222 he attended an ordination of Dominicans and Franciscans. At this Ordination, he gave a simple sermon. It was in this sermon that St. Francis learned of Anthony's abilities and he was assigned to preach in Northern Italy. History says that when St. Anthony's preaching fell on deaf ears, he went to a river and preached to the fish. This drew attention to him and he was enlisted to preach in Northern Italy focusing on reconciliation with our loving Father. St. Anthony also taught theology to friars in Bologna and wrote two volumes of Sermons. In 1226, he was appointed provincial superior of Northern Italy and in 1228 had an audience with Pope Gregory IX. St. Anthony often preached in Padua. In 1231, St. Anthony's sermons became so famous that crowds in Padua reached 30,000. He would hold Mass in the morning and hear confessions all day, often fasting for the entire day. He left Padua when he realized that death was approaching. He received his last rites from Friars in Arcella and prayed with them. Shortly before death, he began to stare into the distance telling the

A SPECIAL PRAYER

LORD JESUS,

You traveled through towns and villages curing every disease and illness among the people. At your command, the sick were made well. Come to our aid now in this health crisis so that we may know your healing love.

Heal those who are sick: may they regain their health and strength.

Heal us from our fear, which prevents us from helping one another.

Heal us from our pride, which keeps us apart from you.

Bless health care professionals with strength and compassion as they selflessly respond to our needs.

We make this prayer in your strong and holy name, You, who with the Father and Spirit, live and reign forever and ever.

Amen.

Friars he could see the Lord. St. Anthony died at the age of 36 and was declared a Saint by Pope Gregory IX a year later. He was a humble Saint of the people. From St. Anthony, we can learn humility and his story reminds us to thank God for the gifts we have and to share our gifts with others.
