WASHINGTON, DC, USA, June 2, 2021 /EINPresswire.com/ -- On Wednesday, May 19th, Disaster Services Corporation SVDP- USA was awarded the National Voluntary Organizations Active in Disaster (VOAD) "Member of the Year" for 2021. Awarded annually to one of the National Member Agencies in good standing that, in the past year: 1. Exemplified the core purpose of the VOAD movement, which is to promote Cooperation, Communication, Coordination and Collaboration among voluntary organizations active in disasters within the United States and its territories, and practiced those values; 2. Facilitated relationships between voluntary organizations and other public and private entities engaged in all phases of disaster planning, response, recovery and mitigation; and 3. Demonstrated extraordinary support for the mission, goals, and activities of National VOAD.

St Vincent de Paul is one of the few original founding members of National VOAD. The Disaster Services Corporation, SVdP-USA has a strong history of being an active member and supporting the National VOAD leadership and partner organizations. "This is such a great honor for our organization, and we are appreciative of the work of our volunteers and core team that make a difference daily in the lives of disaster survivors" said Elizabeth Disco-Shearer, CEO.

About National VOAD

National Voluntary Organizations Active in Disaster (VOAD) was founded over 50 years ago in response to the challenges many disaster organizations experienced following Hurricane Camille, a category 5 storm that hit the Gulf Coast in August 1969. Up until that time, numerous governmental, private sector and nonprofit organizations served disaster survivors independently of one another. As a result, help came to the survivors haphazardly.

In 1970, seven national disaster response organizations convened for the first time to find a way to better coordinate responses and more effectively serve disaster survivors and their communities. As an outcome, National VOAD was formed as a forum for sharing knowledge and coordinating resources — money, materials and manpower – throughout the disaster cycle: preparation, response and recovery.

Today, National VOAD is a coalition of 70+ of the nation's most reputable national organizations (faith-based, community-based and other non-profit organizations) and 56 State/Territory VOADs, which represent Local/Regional VOADs and hundreds of other member organizations throughout the country.
