

IMPACT

ST. PAUL'S NEWMAN CENTER

St. Paul's Newman Center brings the Gospel to the students, faculty, and staff of the University of Wyoming through vibrant liturgies, hospitality, authentic stewardship, education, formation, empowerment, and support.

Despite national trends indicating lower church attendance and faith abandonment among the population between 20 and 30 years of age, college ministries in Wyoming are vibrant.

St. Paul's Newman Center in Laramie has outgrown their current facilities. Plans are being developed for a \$25 million campaign to expand the facility as well as operational programs. St. Paul's Newman Center serves youth from every parish in Wyoming and advancing the spiritual growth of our students will require statewide financial support.
