Act of Spiritual Communion Prayer:

My Jesus,

I believe that You are present in the Most Holy Sacrament. I love You above all things, and I desire to receive You into my soul. Since I cannot at this moment receive You sacramentally, come at least spiritually into my heart. I embrace You as if You were already there and unite myself wholly to You.

Never permit me to be separated from You. Amen.

Stewardship Message

In today's second reading, St. Paul exhorts the Romans to *total* stewardship. Brothers and sisters, he urges, "...offer your bodies as a living sacrifice, holy and pleasing to God."

Events of the Diocese

The Annual God's Share Appeal, which supports the work of the Catholic Church in western North Dakota, will be conducted in every parish in two weeks. The God's Share Appeal is not just another Sunday collection. It is a unified effort in which all Catholics of the Diocese of Bismarck join together to further the mission and ministry of the Catholic Church in western North Dakota. It is an opportunity to voluntarily support the work of the larger Church by returning a portion of what God has given to us through a pledge to the God's Share Appeal. In the next two weeks, you will be receiving a letter, brochure and pledge envelope from Bishop Kagan. Please take the time to prayerfully consider what you are able to give in support of this important ministry.

Check this site for masses that will be available on live stream: <https://bismarckdiocese.com/news/mass-available-on-livestream>

Respect Life

Infanticide Logically Follows Abortion in our Culture of Death

In the February 2012 issue of the Journal of Medical Ethics an article flatly argues in favor of infanticide.

In case you doubt that anyone would openly espouse the killing of babies after birth, let us quote from the article itself. "Merely being human is a reason for not in itself ascribing someone a right to life," the authors assert. Killing a newborn "should be permissible in all the cases where abortion is, including cases where the newborn is not disabled."

The authors argue that newborns lack the "level of mental development" necessary to be considered human. In other words, say the authors, what a baby doesn't know — its impending death, in this case — can't hurt it.

A few short years ago no medical journal would have accepted an article purporting to justify infanticide. Now, after human life has been devalued by over 46 years of legalized abortion, such a proposition creates barely a stir. The Catholic Church has been continuously warning us for years about the ramifications of the culture of death.

We must get involved in making a stand for innocent human life, otherwise our culture will only get worse!
