CENSUS 2020: The Census Bureau has shortened the time for completing the Census. Counting people will end on September 30, one month earlier than originally stated. IF YOU HAVE NOT COMPLETED THE CENSUS REPORT, PLEASE GO TO 2020census.gov/en/ways-to-respond.org TO COMPLETE THE ONLINE FORM. The U.S. Constitution requires a counting of the population living in the U.S. be completed every ten years. The census is used to determine the amount of federal dollars—our tax dollars—shared by states and local governments for education, public safety, roads, and social services. The census also determines how many Representatives from each state to the House of Representatives in Washington DC. The number of representatives and the funds for each state will not be reviewed for another ten years. Remember, we will all have to live the results for another ten years.
