Oct 12-16

Week 8

WHAT WE ARE LEARNING...

Language - We finished the entire alphabet completing daily activities for each letter. We had lots of practice with nouns and verbs and wrote sentences using both. We are also working really hard to increase our reading stamina.

Math - We focused on number 8 and 9 this week. Next week we will finish practice with number 9 before moving on to 10 and reviewing 6-10.

Science - We started learning about animal needs. We will continue with learning more about what animals eat and what animals might make good pets.

Social Studies - We shared our all about me drawings and work with one another.

Theology - Next week we begin lesson 5 with love others as God loves you. We will talk about how God loves us, who we love, and how we love objects different than people. The students are looking forward to attending mass on Monday, they ask often about when we get to go again.

IMPORTANT INFO

- Our Halloween party will be in the classroom on Friday, October 30th, as it is a half day of school students should wear their costume to school and will have it on all morning. For the health and safety of everyone, instead of sending in snacks and goodies, we are asking families wanting to contribute to please send in a couple of dollars. I will then use that money to purchase snacks and supplies needed for our party. I love holidays so it will be a special day with our entire morning spent doing fun Halloween activities.

- If your child is missing any items please let me know or have them check our lost and found spot just inside the classroom door. We have a collection of sweaters and sweatshirts right now..

- Any more Scholastic book orders can be placed online by noon on Sunday.
