December 11th, 2020

Math- Next week, we are continuing to practice our multiplication facts with mad minutes and coloring the 12 days of Christmas!

Reading- We will be finishing up our Sarah, Plain and Tall book next week. After break, students will be completing an end of book activity!

Science- We have finished our lesson on predicting weather. Our next lesson is all about how weather and climate are related.

Christmas Party Information:

As we are continuing to do really well keeping our school family as safe and healthy as possible, we plan to celebrate Christmas in the same way as our class Halloween party. Please know that I am grateful for all of the parent help I received for parties in years past and we appreciate your understanding as we limit people coming into the school as we try to continue having face to face instruction as long as we can. I am requesting a small monetary donation once again for me to use to purchase needed supplies and food for our class Christmas party. Thank you again for all you do to help support us all!

Out of Dress Code Days:

Tuesday: Ugly Sweater Day- Wear your favorite ugly sweater. The uglier, the better! (Make sure it is appropriate for P.E.)

Thursday: Something Green- Make sure it is appropriate for P.E.

Friday: Pajama Day- Let's celebrate the start of Christmas break by wearing your favorite winter jammies!

Christmas Project Competition:

The third grade is participating a competition to win a out of dress code day with several other grades! Each grade has been asked to bring in a certain item that will help The Beginnings Care for Life. The third grade item is baby wipes! If you would like to participate, please send in baby wipe packages with your child by Dec. 15th. Let's go Third Grade!

St. Charles Borromeo's mission is to nurture unity between Faith and culture in our students by providing academic excellence and a spiritual and intellectual encounter with Jesus Christ, developing the whole person as a reflection of Jesus.
