January 22<sup>nd</sup>, 2021

**Math-** We began reviewing place value for digits in the ones, tens, and hundreds place this week. We also began rounding to the nearest tens and hundreds.

**Social Studies-** We began learning about the early pioneer farmers that came to Michigan from New York and impact they had on Michigan's economy. We have also talked about how they modified the environment.

**Theology-** The students are learning about the parts of Mass.

#### **Report Cards:**

Report cards are coming home today. Please be sure to send the envelope back with your student next week.

#### **P.E. Reminders:**

On Tuesday and Thursday each week we have PE. It is important to still have athletic shoes. Mrs. Smith is starting to see more boots, which make it difficult to do some of the locomotor activities.

If your child has restrictions for P.E. from a physician please have them provide a note for us. We want to make sure we are also following the doctor's orders here. If they were injured at home and do not see a doctor, but may have a restriction please let me know to pass the information along to Mrs. Smith.

#### **Mardi Gras:**

Thank you all for your donations to make our package amazing! I hope to "see" you all attend our virtual Mardi Gras this year and see the amazing package we were able to build together!

St. Charles Borromeo's mission is to nurture unity between Faith and culture in our students by providing academic excellence and a spiritual and intellectual encounter with Jesus Christ, developing the whole person as a reflection of Jesus.
