October 15th, 2021

Math- This week we have been working on ways to help learn our 4, 6, and 7 facts. One way the students have been enjoying is creating multiplication fact Cootie Catchers. It is a fun and hands on way to practice their facts!

Science- We have been learning about how scientists measure wind. We have discussed tools that measure speed of the wind. Next week we will be making anemometers to go out and measure the wind speed!

Writing- We have been working on our first personal narrative piece where students are remembering a trip/vacation that is important to them. This week, we looked into adding strong verbs to their piece to paint a more detailed picture in the readers head.

Halloween:

Halloween will look the same as last year. Instead of an all school party in the gym, we will be in our room celebrating. No treat bags are allowed to be brought to school due to the snack rules. However, if you would like to give a small monetary donation to go towards treats/drinks that I can pick up for the day.

Thank you to those who have already sent in a donation! It is greatly appreciated!

The party will be Friday, Oct. 29th. Since this is a full day, students will be given a chance to change into their costumes after lunch.

If you have any questions, let me know!

St. Charles Borromeo's mission is to nurture unity between Faith and culture in our students by providing academic excellence and a spiritual and intellectual encounter with Jesus Christ, developing the whole person as a reflection of Jesus.

Upcoming Events:

Monday, October 18

~ Rosary @ 11:00 am
