November 19th, 2021

Math-Next week we will be continuing dividing using 8, 9, 0 and 1.

Reading- The students all did a great job on their Boxcar Dioramas! They really seemed to enjoy creating them as well! The next book we will be reading is *Sarah, Plain and Tall*.

Science- We started learning about measuring rain and snow. When we return from Thanksgiving break, students will be measuring the rain and snowfall using handmade rain gauges!

Outside Wear:

With temperatures dropping, please be sure to send your child with warm items to wear outside. We plan to be outside unless it is raining or the feels like temperature is below 15 degrees.

St. Charles Borromeo's mission is to nurture unity between Faith and culture in our students by providing academic excellence and a spiritual and intellectual encounter with Jesus Christ, developing the whole person as a reflection of Jesus.
