February 12th, 2021

Math- This week, we practiced three-digit addition using a number line, expanded form, and mental math.

Social Studies- We started discussing the different underground resources Michigan has to offer. We will continue learning about the different types of jobs it took to get these resources!

Science- We have become citizens of a city who experiences bad thunderstorms. We are working together to come up with the best option for our town to prevent lightning damage!

Mardi Gras:

Thank you again for all your help and donations! We drew in a lot of attention to our third-grade package 😊

Drop Off/Dismissal

We need everyone's help during drop off and dismissal. Over the last few weeks we have had more vehicles pulling out of line because their child has been dropped off or picked up. This leads to a number of safety concerns that could cause serious injury. Please stay patient and wait until the cars in front of you leave.

We also need families to continue to move and not stop to watch your student enter the building. This again can lead to a safety issue.

Families with multiple children may not have the ability to have their child dropped off on the passenger side. We walk around the cars to make sure we keep the students safe.

We appreciate everyone who has helped keep us safe by showing patience and waiting even when you want to go around. Please continue to pass this along to all individuals who pick up or drop off. We all need to do our part to keep everyone safe.

St. Charles Borromeo's mission is to nurture unity between Faith and culture in our students by providing academic excellence and a spiritual and intellectual encounter with Jesus Christ, developing the whole person as a reflection of Jesus.

Upcoming Events:

Monday February 15

~ No School

Wednesday February 17

~ Ash Wednesday/School Mass @ 9 am

Next Week's Menu

Monday
NO SCHOOL
Tuesday
Breakfast Burrito
Wednesday
Bosco Stick
Thursday
