Research Papers

Every grade has been assigned a research paper. Packets explaining the whole paper were given to students this week. We went over them together in class. Papers are being done at school, but it is helpful to check in with your child to see how they are coming. There are 2 schedules at the end of the packet with all the due dates listed so you can check to see if they have completed those things during class time.

HERE'S WHAT'S HAPPENIN'

SIXTH GRADE

Math– Green group is working on real-life ratio and proportion problems. They are learning how to expand and reduce mixtures to end up with the same solutions.

Red group is working on inequalities. They are graphing and solving inequalities and relating them to real-world problems

Vocabulary– We will starting vocabulary lesson 13. The test over lesson 11 will be on **Friday, March 26th.**

SEVENTH GRADE

Math– We are doing rate problems and converting from one unit of measure to another. An example would be converting from feet per second to miles per hour. They are also working on the slope of a line as related to rate. Another area being introduced the measures of the angles of convex polygons by dividing the polygon into triangles.

Vocabulary– We will starting vocabulary lesson 13. The test over lesson 11 will be on **Friday, March 26th.**

EIGHTH GRADE

Blue Math– We are working hard on graphing linear equations. We are seeing how linear graphs can find a common solution. We are also working on solving systems of equations.

Purple Math– They are being challenged by working with irrational numbers. We are finding the roots of a number along with simplifying radicals.

Vocabulary– We will starting vocabulary lesson 13. The test over lesson 11 will be on **Friday, March 26th.**
