April 23rd, 2021

Math- This week, we began comparing fractions first with the same denominator and then the same numerator. Next week, we will compare different fractions on a number line.

Science- I have enjoyed seeing the spark in the students' eyes as they brain storm different tasks they can make easier this week. Tuesday, they did an activity of estimating how many times they could write their first name, sit and stand up, draw squares, and jumping jacks in a minute. Next week we will look at Electrical Engineers with Storm!

St. Charles Borromeo's mission is to nurture unity between Faith and culture in our students by providing academic excellence and a spiritual and intellectual encounter with Jesus Christ, developing the whole person as a reflection of Jesus.

Upcoming Events:

Wednesday, April 28

- ~ NO School Mass
- ~ Third Grade OODC day: Favorite Color

Friday, April 30

- ~ Spirit Day

Mardi Gras Out of Dress Code:

We have another day being cashed in for the third grade to be out of dress code! The student has chosen to do this on Wed. (There is no Mass this day) and for the theme to be "Wear your favorite color."

STEM with Storm:

Looking ahead to the week of May 3rd, we will be learning about Chemical Engineers. With this unit, I would like for the students to make ice cream! To do this, I need a little help from you. In order to do this, I am asking that each student bring in \$2 to buy all supplies needed. I plan on buying the ingredients/supplies the weekend before. Thank you so much for your help!

Next Week's Menu

Monday

Oliver's Cheese Pizza

Tuesday

Apple Strudel

Wednesday

Chicken Nugget

Thursday

Bosco Stick

Friday

Tostito's w/Cheese and Salsa
