

Travis County W.C.I.D. - Point Venture
18606 Venture Drive
Point Venture, TX 78645

In order to remain in compliance with the LCRA the Travis County WCID – Point Venture must begin strict enforcement of our drought contingency plan.

Since August 26, 2011, we have been under Stage 2 restrictions where all water district customers have been limited to watering outdoors to only a once a week. You may water between the hours of Midnight and 10 a.m. and between 7 p.m. and Midnight on your designated day. The schedule is as follows:

Day	Address Ending
Monday	0 and 9
Tuesday	1 and 8
Wednesday	2 and 7
Thursday	3 and 6
Friday	4 and 5

**This prohibition does not apply to irrigation by a hand-held hose. Although, we do ask that you wash cars at a commercial car wash, as they recycle the water.

Any person who violates these restrictions shall be subject to the following enforcement:

- Upon 1st Violation, a Notice of Violation will be issued, which will include the current watering schedule for those that have forgotten, as well as the violation fee schedule.
- 2nd Violation, a certified letter is sent notifying resident of violation and a \$200 surcharge will be added to your water bill.
- 3rd Violation, another certified letter will be sent notifying resident of repeated violation and a \$500 surcharge will be added to your water bill.
- 4th Violation, a final certified letter is sent notifying resident of repeated violation and inform them that their water service will be disconnected. Service will be restored once the reconnection charge of \$500 has been paid along with any outstanding charges to bring the account current, including late fees and penalties.

**Each day that the water rationing schedule is violated constitutes a separate violation. Parents are responsible for violations of their minor children.

We regret that such restrictions and enforcement must be implemented but it is essential that we take steps to ensure conservation of our water resources at this time.

If you have any questions or concerns please contact the office at 512-267-1641 Monday-Friday 8:00 am. until 2:00 p.m.

WE APPRECIATE YOUR EFFORT'S TO HELP US CONSERVE OUR WATER.
