PARISH RENOVATIONS AND CAPITAL WORKS

Dear Parishioners & friends,

As you may have heard from Fr Francis' announcement at Mass in July, the Church, Sacristy, Presbytery and Hall will be undergoing some renovations to freshen up.

The works have already begun with the installation of four new split systems and two cassette air conditioners in the church.

In addition, one new split system air conditioner has been installed in the Presbytery and a new cupboard installed in the Sacristy.

The major works in the Church are to occur from 28th September through to 18th October. During this time weekend Masses will take place in the school hall. There will be no weekday services while the maintenance works take place. Items from the church will be stored in the Parish Hall during this time so availability to use and book the Parish Hall will be restricted.

The works to take place in the Church are as follows:

- Re-varnishing the Pews in the Church: 27th September – 3rd October
- Tiling of the sanctuary and the whole naïve of the Church: 4th October – 17th October 2021
- Reconstruction of the median divide: 27th September – 17th October

Following the major works in the Church after 18th October the Church sound system will undergo an upgrade.

Other renovations and capital works taking place during this time are:

- Re-roofing of the presbytery roof with colour-bond; to match the colour of the church and hall roof
- Painting of the Presbytery and the Hall (November project)
- Renovation of the Presbytery Bathroom, kitchen, and laundry.

Further updates will be shared in the coming weeks.
