Similarly, paragraph 118 of the Pastoral Typikon is amended as follows:

RE: Decree for Clergy Remuneration Policy Revision

Reverend and dear brothers in Christ,

Enclosed please find the Decree for Clergy Remuneration Policy Revision which came in effect as of January 1, 2008. This new revision in clergy remuneration will replace the agreement existent in the Eparchy prior to this written policy which stated: “The parish priest will be reimbursed by the parish for one half of the Self-Employment tax paid by the pastor or administrator during the past year after his Income taxes were filed”. Since most of our clergy were paying self-employment tax this new revision in the procedure will replace the old one.

Please make sure that you follow the procedures given in the Pastoral Typikon because they are given not only for the benefit of the church but also for your safe keeping. We are taking this step in modifying and amending some parts of the Typikon due to the fact that some of our parishes have received considerable penalties and interests to pay because of priests who failed to follow such procedures.

I trust you will communicate and make available these changes to the members of the Pastoral Council as well as the Stewardship Committee. Please make sure that you place the enclosed decree in the Pastoral Typikon for future references.

Assuring you of my prayers and blessings, I remain

Fraternally yours in Christ-God,

Most Reverend John Michael (Botean)
Bishop
