Preparedness Ministry

Propane Preparedness & Safety Tips for Winter Storms Tip #3

Cover or protect gas regulators and relief/fill valves from snow and ice. If snow builds up, use a broom to clear it off from top of propane/oil tanks and gauges, fittings, and lines. Be aware of carbon monoxide poisoning which can happen due to blocked vents.

A Walk Through the Mass

Liburgy of the Eucharist #7

The Eucharistic Prayerv

The long prayer which follows brings us to the very center of the Mass and the heart of our faith. While the words of the prayer may vary from Sunday to Sunday, the prayer always has this structure: 1) We call upon God to remember all the wonderful saving deeds of our history. 2) We recall His passion, death, and resurrection. 3) After gratefully calling to mind all the wonderful saving acts God has done for us in the past, we petition God to continue those deeds of Christ in the present. We pray that we may become one body, one spirit in Christ.
