We are not replacing the bushes by ramp in W.Brookfield at this time. Will revisit this in Spring.

There are some gutters that are damaged at parish center. Everlast has been contactd and will give estimate.

Charlotte mentioned that there is a leak in back room of parish center. This room is not used as a classroom.

Furnace needed prompting to start at Sacred Heart. It had been cleaned.

Furnace at parish center needs draining. How often?? Charlotte will call Tim Pecore on this.

Gary gave dates for future finance comm. meetings for 2019. They will be held at 6PM on 3/13, 6/12, 9/25, 12,4.

We talked about the Capital Campaign . They would like us to list what we would do with the money that the parish would get and the "Historical Preservation" was what we thought to list. It would take into account repairs etc. that we would use the money for. We still prefer to take the Jan. to June 2020 leg of the campaign.
