

SSP Holiday “2020 Unique Boutique” Vendors

[Stick With Kate](#)

My name is Kate Schoellhorn. I have organized the Holiday Boutique since my daughter was in Kindergarten & she's now in 8th grade! Wow! I love being a part of the SSP community & just because my daughter is moving on, doesn't mean I will too. Thank you to the PTO, parent helpers and shoppers that have made this event such a success in the past. Thank you also to the SSP Community that have been the reason for my business growth! I have added some new items & still have the popular items. My website is a work in progress, so keep checking back for new items. My dad's wood shop is also linked to my site. You can check out Pop's Wood Shop description too.

I am offering a coupon code (SSP10) that will give you 10% off your order & if you order over \$60, I will deliver locally for free (no coupon code needed).

[Pop's Wood Shop](#)

Handmade wood items out of repurposed wood. My daughters, Mandy Borgmeyer & Kate Schoellhorn encouraged me to turn my hobby into a business. Last year was my first at the Holiday Boutique. I have 3 grandkids that are students at SSP. I can also make items to order. Maybe you have a piece of furniture that has been handed down from someone in your family & it's just not something that fits your style. I could make something out of that wood that you will always cherish. [Send me an email and let's talk.](#)

[Usborne Books & More](#)

"Usborne Books & More" with Mary "Kate" Laughlin is happy to be back for our 7th year with the SSP Holiday Boutique! Bringing engaging and educational books for kids of all ages! Shop over 2,200 titles that are "Great for Gift Giving" as well as adding to any home library! Also...a portion of net sales will be given back to the PTO in new books of their choice!
