

Amended 1-26-21 Sunday Mass Procedure:

Dear Parishioners,

We no longer need to request advanced registration for weekend masses. However, to facilitate contact tracing, we will begin requesting mass attendees to provide a name and phone number, one per family or group attending by having a sign-in register available near the sanitizing stations just inside the entrance doors. The usher will provide sanitized pens.

All other protocols remain in effect. Doors will be unlocked 30 minutes before Mass for admittance and no admittance after scheduled Mass start time. Bring your own face mask (required for admittance and should be worn over both nose and mouth) and hand sanitizer. Your temperature will be taken at the door prior to entry so if you are in any way ill, please do not attend.

God bless you.
Thank you.
Fr. Blaise Baran
