Three types of Scrip

Each type of Scrip appeals to different customers and different uses.

Physical Cards– Physical cards can be purchased directly from Scrip after all weekend Masses and at school. We carry over 75 different retailers for our on hand sales. You can also order from 750+ physical cards we don't carry in inventory and we can include those in our weekly restock order.

Reloadable Cards– These are cards previously purchased from Scrip that can be reloaded through the Scrip app called RaiseRight™.

ScripNow, Instant card or E-certificate– These are simply gift card bar codes that can be used right in the store by printing a hard copy before leaving home or having it scanned right from your phone!

Not interested in the app but want to take advantage of the Reloadable cards or the ScripNow e-certificates? Let our Scrip Coordinator help you figure out the best way.

What is Scrip?

School and parish families purchase retail gift cards through our Scrip program at face value, earning rebates.

These cards are used for your every day expenses like groceries, gasoline, home improvement, clothing, fast food and dining in place of cash, check or credit card. Each card has a rebate of between 1.25%- 18%.

Scrip cards are the same cards you can purchase from the retailer. With over 750 of the country's biggest brands and many local retailers, Scrip has something to appeal to everyone.

By simply planning ahead just a bit, the average family can earn rebates on all your purchases!

In March of each year, we share the earned rebate with you 50/50. You can write you a check for your portion, put it toward registration, athletic fees or band fees and tuition at any school or have it sent to a school or parish ministry close to your heart. Scrip credits do not expire.

Our 50% of the rebate is directed to the Parish General Fund to offset school and parish expenses and make necessary updates without straining the budget. Church and school buildings need lots of love.

Why it works so well

The wonderful thing about Scrip is that the money earned is from the retailers! Because you are buying gift cards for things you would buy anyway, it costs you nothing extra to participate. And because a rebate is earned each time, it's like buying everything on sale! That is why Scrip is referred to "Fundraising While You Shop®."

Top Five Benefits

Every day family purchases become every day earnings.

Only buy what you need! No extra time or money spent! Family members are welcome to buy Scrip too. They will appreciate being able to help without buying things they don't need.

Earnings add up fast! Think about your purchases and what 1.25-18% could earn!

Your rebate: you decide! We can issue a check to you for your 50% rebate or direct it to tuition or fees at any school (even colleges) or give back to the church or school ministry you wish, even parish debt.

Gift cards never expire or have fees! Whether for every day expenses, as a gift, or a large household purchase, buy with confidence. And the prepaid universal cards offered (American Express, Visa & Discover) have no activation fees like retail stores charge. That's a direct savings to you of \$4-\$8 per card!
