

## Triennial Wellness Policy Assessment Report

As required by law, each school Food Authority (SFA) must establish a plan for measuring implementation of the local wellness policy, including designation of one or more persons with operational responsibility for ensuring that the school is meeting the policy. Assessment should be ongoing. Requirements also include community participation or a team of collaborators responsible for reviewing the wellness policy and evaluating results.

A sustained effort by each SFA is necessary to assure that new policies are faithfully implemented. Periodically assess how well the policy is being managed and enforced. Reinforce the policy goals with school staff if necessary. Be prepared to update or amend the policy as the process moves on. The school district or individual schools should celebrate policy success milestones (and the district team can do the same!).

The regulations require each SFA to compare their local wellness policies with the model local wellness policy. **The model local wellness policy is available through OKDHS School Nutrition Programs.**

Note about the model local wellness policy: It is important to keep in mind the fact that the model local wellness policy is best practice, and exceeds current program requirements.

Evaluation and feedback are very important in maintaining a local wellness policy. You need to document any financial impact to the school foodservice program, school stores, or vending machine revenues.

It is also important to assess student, parent, teacher/staff member, and administration satisfaction with the new policies. A good evaluation plan does not need to be extensive, formal or put additional undue burdens on staff that is involved in the process.

Through the evaluation process, you will be able to answer some basic questions that are very important to policymakers, students, school staff, parents, and the general public:

Designated Person(s) responsible for review and compliance:

Designated Person's Name	Designated Person's Name
Margaret Otto	Timothy McFadden

Date of Review	September 25 <sup>th</sup> 2020
----------------	---------------------------------

Name and title of committee members participating in assessment:

Name	Title	Relationship to the SFA
MiMi Casebolt	Parent	Parent to student
Antonio Valle	Physical Education Teacher	Teacher
Markie Otto	Food Service Mngr.	Cafeteria Manager
Timothy McFadden	Principal	Administrator
Geoff Hinton	Science Teacher	Teacher & chair
Katie Casebolt	Student	8 <sup>th</sup> Grade student

1. What changes to nutrition education, physical activity, the nutritional quality of foods available to students, and other aspects covered by the policy occurred in each school as a result of the district wellness policy and the last assessment?

For example:

- Did the number of students participating in nutrition education change?
- Did the students have a different number of minutes of physical activity?
- Did any of the campuses change available food options?
- Did participation in the National School Breakfast or Lunch Program change?

N/A

2. Are the goals listed in the current Local Wellness Policy implemented (review policy)?

Yes	No
-----	----

If no, what steps are being taken to ensure implementation?

3. What is the assessment of the current Local Wellness Policy?

For example:

- Is it making a difference?
- What's working?
- What's not working?

The current policy is effective.

4. Were recommended revisions in the last assessment adopted into policy?

Yes	No
-----	----

If yes, date of last revision	10/27/2018
-------------------------------	------------

5. Has the review team compared policy to other Local Model Wellness Policies (***contact OKDHS School Nutrition Programs for a copy of the model wellness policy***)?

Yes	No
-----	----

6. How can the impact of the policy be increased to enhance its effect on student health and academic learning?

The healthier the child, the higher their ability to learn and be physically present in school. Marrying
our wellness program with the Covid-19 Plan has allowed for our students to be safe in school. We are
measuring our attendance of students, and progress in measured tests such as Aspire and MAPS.

7. Did the school provide this review and updates to the community and team collaborators?

Yes	No
-----	----
