Words to Live By

Pope Francis is a very wise man who has given us many quotable words that are "right on" for the situations we face. In this time of turmoil when a lot of us are getting tired of staying home and are starting to get "testy" with those around us, he comes up with a great thought to help us get back on track.

"Rivers do not drink their own water; trees do not eat their own fruit; the sun does not shine on itself and flowers do not spread their fragrance for themselves. Living for others is a rule of nature. We are all born to help each other. No matter how difficult it is... Life is good when you are happy; but much better when others are happy because of you."
Pope Francis
