**Our Mission**  
The Academy of the Most Blessed Sacrament, motivated by the love of Christ, ensures that each student receive a superior education in a caring Catholic environment. Committed to the pursuit of excellence, students are guided through a personal journey of faith, education and service in order to reach their God-given potential to become individuals capable of living in a changing and complex society.

## A SUPERIOR EDUCATION

**A well-rounded curriculum** develops well-rounded students. In addition to the core curriculum (math, science, reading, language arts and social studies) and religion, all Pre-K to grade 8 students study art, music, Spanish, STREAM, physical education and health. Technology and multimedia applications are utilized by students to demonstrate knowledge and showcase projects. The school boasts a brand-new learning center to facilitate cooperative learning utilizing technology.

**21<sup>st</sup> Century technology** is integrated across the curriculum to make teaching and learning more meaningful and engaging. This includes SMART Boards in every classroom; Chromebooks and iPads are available in school.

**Look at our Outcomes:** All of our graduates are accepted to the high school of their choice, with many placing in honors level courses with scholarships.

**“AMBS is about challenging academics in the most nurturing environment. The values you hope your child develops don’t just happen. There are plenty of opportunities here for students to learn how to become responsible young people of character who can make good decisions and know how to be good friends to one another.”**
