History of this project. February 2021

There are two reasons for cataloging the parish books. 1. To place the books in some kind of order which makes them easier to find. 2. To give the parish an online catalog of the books to browse and search without coming to the library. Everyone is welcomed to come back to the library and browse the physical books when the church office is open.

The cataloging project is an ongoing endeavor. Currently 700 books have been cataloged. There are CDs and DVDs to catalog as well in the future.

We have used the website/software called LibraryThing to catalog the books. It provides the online catalog to browses and allow a
