Tuesday's 3:30 - 4:45

January 28 - March 25

Join us for an 8-week session of creative fun! This is a multi-media class there students learn the basics of drawing, painting and clay sculpture. They will learn about composition, value and design as well as they mastery of tools and techniques of an artist. Lessons are step-by-step to give young students security, but the development of individual style and interpretation of each subject is encouraged. My Art Starz will partner each semester with a museum or San Antonio organization to offer an "optional" family field trip. Each student will have one of their original works framed to display at home as well as a set of professionally printed notecards.
