GRADE SIX READING

The Diocese of Knoxville has adapted the following Literature/English standards to establish the knowledge, understanding, and skills students need to acquire in order to satisfy the English/Language Arts requirements for Grade 6. These standards are intended for teachers, students and parents.

READING APPLICATION

Each year students’ reading should demonstrate their development in applying the strategies learned to comprehend and interpret information and develop skills that are the foundation for independent reading. Students advancing through the grades are expected to meet each year’s specific standards, retain or further develop skills and understandings mastered in previous grades, and work steadily toward meeting the more general expectations described in the anchor standards.

Reading is divided into three standards:

I. Foundational Reading: Foundational skills are directed toward fostering students’ understanding and working knowledge of concepts of print, phonemic awareness, vocabulary acquisition, English syntax and other basic conventions of the English reading and writing system.

II. Literature Reading: Literature reading standards provide a focus for instruction each year and help ensure students gain extensive exposure to a range of texts and tasks. Literature is a body of written works of a language, period or culture. It may be imaginative and creative and is appreciated for artistic value.

III. Informational Reading: Informational reading standards provide a focus for instruction each year and help ensure students gain adequate exposure to a range of texts and tasks and academic vocabulary. Informational reading is reading to gain or acquire knowledge and focuses on non-fictional texts.

SUMMARY-READING Grade Six (6)

Students in Grade 6 are now demonstrating fluent oral reading. Intonation, pacing, and articulation are appropriate for the text. Students in sixth grade will read from a wide array of genres, selected from diverse cultures and different historical periods, including novels, stories, prose, drama, and poetry. Students will increase their comprehension levels to understand and integrate information from all the content areas. Students establish working knowledge of the internet to gather
information for oral presentations and written reports. Sixth grade students engage in comparative analysis of different texts.

Sixth grade readers continue increasing their oral reading rate to conversational pace. Sixth grade students demonstrate appropriate use of pauses, pitch, stress and intonation as they read in clauses and sentences to support comprehension. Sixth graders have mastered the art of silent reading.

The Diocese of Knoxville stipulates the following outcomes in reading for Grade Six students:

**GRADE SIX WRITING**

The Diocese of Knoxville has adapted the following Writing Standards to establish the knowledge, understanding, and skills students need to acquire in order to satisfy the Writing requirements for Grade 6. These standards are intended for teachers, students and parents.

**WRITING APPLICATION**

Each year student’s writing should demonstrate increasing sophistication in all aspects of language use, from vocabulary and syntax to the development and organization of ideas, and they should address increasingly demanding content and sources. Students should be given many opportunities for writing, both imaginative and expository, with teacher guidance that strikes a balance between encouraging creativity and requiring correct use of conventions. In sixth grade, it is appropriate to emphasize revision, with the expectation that students will revise and edit to produce a finished product that is thoughtful, well-organize, and reasonably correct in grammar, mechanics, and spelling. While imaginative writing should occur, greater emphasis should be on expository writing.

Writing standards are benchmarked to assist in developing writers that are able
to select text forms to suit the purpose and audience. These standards are:

I. Text Types and Purpose
II. Production and Distribution of Writing
III. Research to Build and Present Knowledge
IV. Range of Writing
V. Handwriting

SUMMARY-WRITING  GRADE SIX(6)

Students in sixth grade demonstrate sophisticated writing skills from their use of specific vocabulary and syntax to a more cohesive organization of ideas that incorporate a range of content and a variety of sources. Their writing demonstrates a command of the conventions of the English language, familiarity with organizational features, and a clear style of writing appropriate for an identified purpose and audience, and experience with the stages of the writing process (e.g., prewriting, drafting, revising, editing). Students use technology to compose and publish documents and to find resources and gather information to support their main idea.

Students in sixth grade can write argument pieces that introduce a claim about a topic or issues and are able to organize the reasons and evidence to support the claim. Opinions stated are created in an organized structure with ideas logically grouped to support the writer's purpose. Opinions are linked using words, phrases, and clauses, and provide a concluding statement related to the opinion presented. Students can sustain an objective style and tone. Topics are clearly introduced and are supported with facts, definitions, concrete details and quotations. Ideas are linked across categories of information using words, phrases, and clauses. Precise language and domain-specific vocabulary is used to inform or explain the topic. Concluding statements related to the information or explanation finalizes the text. Students use narrative techniques, such as dialogue, description and pacing to develop experiences to show the responses of characters to situations. A variety of transitional words manages the sequence of events while concrete words and sensory details precisely convey experiences and provide a conclusion that follows the narrative.

Sixth grade students learn to produce clear and coherent writing appropriate to task, purpose, and audience that is strengthened through planning, revising, editing, and rewriting, or beginning anew. The use of technology, including the internet helps with collaboration and the coordination of information, production and publication of students' writings. Students learn to research using several sources to build knowledge to conduct short research projects. Students also learn to summarize or paraphrase information in notes and finished work, and to provide a list of sources. Students learn to draw evidence from literary or informational texts to support analysis, reflection, and research. They apply sixth grade Reading Standards to exhibit in writing comparing/contrasting characters, settings, or events in a story. They also apply reading Standards to explain author's use, reasons, and evidence to support and identify reasons and evidence of support.
The Diocese of Knoxville stipulates the following exit skills in writing application for Grade Six students:

1. Write narratives with a consistent point of view, using sensory details and dialogue to develop characters and setting.
2. Write responses to novels, stories and poems that organize an interpretation around several clear ideas, and justify the interpretation through the use of examples and specific textual evidence.
3. Write letters that state the purpose, make requests or give compliments and use business letter format.
4. Write informational essays or reports, including research, that organize information with a clear introduction, body and conclusion following common expository structures when appropriate (e.g., cause-effect, comparison-contrast, argument, persuasion) and includes facts, details and examples to illustrate important ideas.
5. Write argumentative essays.
6. Write persuasive essays to defend a topic or opinion, with attention to defining a thesis and supporting the thesis with evidence, examples, and reasoning.
7. Produce informal writings (e.g. journals, notes and poems) for various purposes.
8. Conduct background reading, interviews or surveys when appropriate to complete writing.
9. Use organizational strategies (e.g., rough outlines, diagrams, maps, webs, and Venn diagrams) to plan writing.
10. Organize writing, beginning with an introduction, body, resolution of plot, and closing statement.
11. Vary simple, compound and complex sentence structures, and vary language and style to audience and purpose.
12. Use technology to compose text.
13. Reread, rearrange proofread writings to assess for clarity, mechanics, and methods.
14. Apply tools (e.g., rubric checklist and feedback) to judge the quality of writing.
15. Prepare for publication (e.g., for display or sharing with others) writings that follow a format appropriate to the purpose using electronic resources and graphics to enhance the final product.

GRADE SIX SPEAKING AND LISTENING

The Diocese of Knoxville has adapted the following Speaking and Listening Standards to define for teachers, students and parents what knowledge, understanding and skills students need to acquire in order to satisfy the Speaking and Listening requirements for Grade Six (6).

SPEAKING AND LISTENING APPLICATION

Students must have ample opportunity to take part in a variety of rich, structured conversations as part of a whole class, in small groups, and with a partner. Being productive members of these conversations requires that students contribute accurate, relevant information; respond to and
develop what others have said; make comparisons and contrast; and analyze and synthesize a multitude of ideas in various domains.

Technology has broadened and expanded the role that speaking and listening play in acquiring and sharing knowledge. Digital texts confront students with the potential for continually updated content and dynamically changing combinations of words, graphics, images, hyperlinks, and embedded video and audio.

Speaking and listening standards are benchmarked to assist in developing mastery to help ensure that students gain adequate skills and practice to be effective communicators. These standards are:

- Comprehension and Collaboration
- Presentation and Knowledge and Ideas

**SUMMARY- SPEAKING AND LISTENING GRADE SIX (6)**

Sixth grade students effectively engage in a range of collaborative discussions with diverse partners on Grade 6 topics. Students are prepared for discussions and follow the agreed-upon rules for discussions and assigned roles. Students can pose and respond to specific questions and draw conclusions based on information and knowledge from the discussion. Students in Grade 6 can summarize and paraphrase a written text presented in diverse media and formats, including visually, quantitatively, and orally. Students also can summarize the points a speaker makes and explain how each claim is supported by reasons and evidence.
