

## Donor advised funds (DAFs)

Recommending a gift to the Diocese of Knoxville through your donor advised fund (DAF) is simple. You can donate directly to the Diocese by providing the following information to the sponsoring organization of your fund.

**NOTE:** Each organization will have the appropriate forms to complete these donations, which you can usually access through an online portal or working with your fund advisor. Your sponsoring organization can then complete the transaction to distribute the funds to the Diocese of Knoxville. Occasionally some funds may limit the scope of the organizations that can be supported by your donor advised fund, please verify with your sponsoring organization or fund advisor for limitations or restrictions when making a donation to a religious organization.
