

MRS. LYNCH'S WEEKLY MASS ANNOUNCEMENT

We are back together, but we are still challenged.

I am so proud of all of you, adapting in so many ways, which has allowed us to be together, in school, learning and growing this year.

Do you understand how rare this is?

We are surrounded by schools which have not been able to do this.

I, we, need all of you, to do all the things which keep us together.

We need to properly wear our masks when we are outside of our homes and around others.

We need to both wash our hands and, one of the hardest things to do, keep our hands away from our faces.

If someone is feverishly sick at home, we must stay home.

You and your family are the Protectors of our Academy.

Thank you and welcome back.
