

# **MRS. LYNCH'S WEEKLY MASS ANNOUNCEMENT**

**Thanksgiving...**

**I am thankful to be here today with all of you, and I am thankful that we can be here together.**

**A week from now, we will be entering our traditional holiday season.**

**We pause, with those we love, and build memories which we will revisit throughout our lives.**

**If we were able to plan ahead of time, we would try to create the best memories possible.**

**Those who love you want those good memories for you.**

**You can help them.**

**First, be positive, let them always remember your smiling face.**

**Second, be helpful.**

**Do what you can to assist those you love, and allow them some time to enjoy the moment with you.**

**Finally, give thanks, because we have so much to be thankful for.**
