

MRS. LYNCH'S WEEKLY MASS ANNOUNCEMENT

Welcome back.

Nine weeks, it's all we have left in our school year.

You have done so well.

You have built our Academy's reputation during it's first year, our first year together.

Our eighth graders will soon be moving on to high school, and all of you will be moving up.

But now is not the time to be distracted, now is not the time to take your eye off of the finish line.

There is still much you have to do, and much you can do.

Focus, work hard both in school and at home, you'll be happy you did, nine weeks from now.

I am glad to see all of you.
