

MRS. LYNCH'S WEEKLY MASS ANNOUNCEMENT

There are always two sure signs of spring, warmer weather and testing.

Thank you for your focus during both.

**Thank you also for your efforts to protect one another, and all those you love,
by staying true to your face coverings and hand washing.**

**I want to see all your smiling faces, but appreciate your efforts to protect our
school.**

We are close to completing Ave Maria Academy's first year, together.

**You have shown so many what is possible, academically, athletically and
spiritually.**

They know who you are, who we are.

Our foundation is set.
