

MRS. LYNCH'S WEEKLY MASS ANNOUNCEMENT

We are getting near an end, and a beginning.

As we approach the end of our year, our first school year together as Ave Maria Academy, we will no longer be a “new” school, but one which now has a history.

A history you have built with us.

We first built a history of a school that was fully open, five days a week, when so many were not.

Second, we kept academic standards high, so you would be fully prepared for the next year of your journey.

Be sure to thank your teachers for preparing you.

Many of you showed your skill in athletics and special events, as well as your compassion in charitable and spiritual activities.

Each of these things, each little activity and event, built the reputation of our Academy.

As we are beginning to emerge from this year of caution, be sure to embrace this gift and those you love; thank them for making our journey possible, this year, the one you will never forget.
