

St. Pius X High School

Back to School
2020

WELCOME TO ST. PIUS X! We are so glad you chose us as your partner for your child's next four years! We've been working all summer to plan for a safe return. The only way this will work is through community cooperation. We all need to be aware of symptoms and daily health checks. Most importantly, we all must stay home if we have symptoms or have come in contact with anyone who has tested positive. If we all work together and follow health, hopefully our school will remain open for person-to-person education.

No matter the setting, the high quality educational experience will be the same. As we are a small school, we feel comfortable that we have been able to follow local guidelines and recommendations to open for in person education. We have the flexibility to maintain small class sizes and social distancing.

Preparing for the Day

- Temperature & parent signature **NO EXCEPTIONS**
- Masks at all times except at lunch (after sitting down at the table). **Bring extra masks to school**
- Importance of staying home (especially with high risk symptoms):

Symptoms of Illness and possible COVID-19 including but not limited to the following list:

- Fever 100.4 or greater (Moderate Risk Symptom)
- New Cough (High Risk Symptom)
- Headache (Moderate Risk Symptom)
- Muscle or body aches (Moderate Risk Symptom)
- Shortness of breath or difficulty breathing (High Risk Symptom)
- Sore Throat (Moderate Risk Symptom)
- New loss of taste or smell (High Risk Symptom)
- Congestion or runny nose (Moderate Risk Symptom)
- Nausea or vomiting (Moderate Risk Symptom)

St. Pius X High School

Back to School
2020

Entering the Building

- Use hand sanitizer when entering
- Go to locker and proceed to first hour classroom (**don't forget your log**)
- Social distancing in locations if you are here early

Classroom Procedures

- Hand sanitizer when entering
- Desks will be disinfected hourly
- Assigned seats
- Masks at all times

Between Classes

- In hallways, walk to your right side of hallway
- Stairwell are one way (South stairwell-up, North-down)
- Lockers quickly - if it's crowded, WAIT
- Restroom occupancy of 4. If line, social distance while waiting
- Get to class as soon as possible

Cafeteria Procedures

- Three to a table until our dividers come in and then six
- More seating in the entryway and other areas
- Tables will be dismissed to get food a few at a time to limit line

End of Day

- Go to your locker. Get your things and leave the area (remember hall procedures)
- If you are waiting for a ride, remember the 3 W's--wear your mask, wash your hands, and watch your distances

When to Stay Home

- Now more than ever, if you are not feeling well, you need to stay home. We can always have you in the classroom virtually.
- Take care of yourself and each other
