

## **SPECIAL PROGRAMS**

### **K3 – Grade 4**

**Weekly classes** in Music, Art, Technology, Physical Education, Italian and Library Learning are held for Grades K4 to 8. Students in K3 receive Computer, Italian, and Library Learning class.

**Tower Garden:** Cross curricula activity which involves discussions, harvesting and sharing the produce grown in the hydroponic garden.

**North End Music and Performing Arts Center (NEMPAC) (K4-8):** General music classes and chorus classes, including Honors Chorus.

**We Believe** program helps children to live out their faith and lessons on social justice through multiple activities. Children and families put their faith into action through prayer, projects, and reflections. Sacramental preparation is provided in Grade 2 for First Reconciliation and First Communion.

**E Inc.:** Using hands-on science as a springboard, the program engages students across city neighborhoods in real-time action projects that are stimulating, important, and directly linked to their “e” inc. science subject. Students study current environment challenges and come to appreciate how individuals can both affect local and global challenges and also support good outcomes.

Class and School-wide **Community Service** Activities are held throughout the school year.

**Field trips** in Grades K4-8 twice a year enhance classroom learning.

**Reading Support Teacher** in Grades K-3 provides individual and small group support to children on either end of the spectrum

**Guidance Counselor** services provided through Boston College.
