April 26- When Life Begins

Pro-choice advocates are invariably loathe to acknowledge the most important medical and scientific fact of all, namely that life begins at conception. Indeed, they will find no medical textbooks or scientific reference works that say that life begins at any time other than at conception.

Los defensores del aborto invariablemente detestan reconocer el hecho médico y científico más importante de todos, es decir, que la vida comienza en la concepción. De hecho, no van a encontrar libros de texto médicos u obras de referencia científica que dicen que la vida comienza en cualquier momento que no sea en la concepción

"Stewardship is planned giving and does not leave giving to chance. It challenges us to plan. It asks us to appraise – deliberately – what we are doing with our time, our talent and our treasure."

UNDERSTANDING THE MASS

Liturgy of the Word:
Finally, we along with the priest, make the sign of the cross. We do this, not in the way we did at the beginning of the Mass, but by tracing it with our thumbs, once on the forehead, once on the lips, and once on the chest as a sign of God's presence within us-in our minds, on our lips, and in our hearts. At the end of the Gospel, the deacon or priest kisses the Book of the Gospels as yet another sign of reverence and recognition of Christ's presence.

COMPRENDER LA MISA
Liturgia de la palabra:

Finalmente, junto con el sacerdote, hacemos la señal de la Cruz. Hacemos esto, no de la manera que lo hicimos al comienzo de la misa, pero por rastro con nuestros pulgares, una en la frente, una vez en los labios y una vez en el pecho como un signo de la presencia de Dios dentro de nosotros en nuestras mentes, en nuestros labios y en nuestros corazones. Al final del Evangelio, el diácono o el sacerdote besa el libro de los evangelios como otra señal de reverencia y reconocimiento de la presencia de Cristo.

Sunday's Reflections
1 John 3:1-2

GOD IN THE ORIGINAL

You have seen pictures of the Grand Canyon. You may have talked with people who went there. But you cannot appreciate the Grand Canyon fully unless you see it with your own eyes.

You may have heard a recording of Beethoven's Fifth Symphony. You may have talked with people who heard it once. But you cannot fully appreciate its power unless you hear an orchestra play it live.

You may have seen a reproduction of the Mona Lisa, a video about the Great Wall of China, or a model of the Eiffel Tower. But it isn't the same as seeing the real thing.

All reproductions and recordings have remarkable power, but only the original touches people to the depth of their heart.

We all have had an experience of God. And that experience is real. Especially in Holy Communion we experience the real presence of Jesus. Yet something more awaits us. Someday, when we are freed from the limitations of the human body, we will experience God fully—in the original. John writes, "Beloved, we are God's children now; what we shall be has not yet been revealed. We do know that when it is revealed we shall be like him, for we shall see him as he is."

We do not always experience God. When we do, it fills us with joy. Imagine our joy at the end of time, when we will always experience God.
