SmartCare is a cloud-based solution that enables parents, center directors and teachers to be connected in real-time through your own mobile devices and via web portal. SmartCare serves as our School's Extended Care management software and we want to be sure that you understand what this means for you:

Sign Out Kiosk: This allows you to use your mobile devices to seamlessly scan your children out of the extended care program with a unique QR code. You will also use the key tag QR to set up a numerical passcode. You will be able to share the code with an authorized pick up person via text.

Mobile Features: Check communications, receive notifications, view billing account information, pay your Extended Care balances...all on the app!

Manage Billing! View and pay by debit / credit card (2.85% fee) or by checking account (no fee) on the Parent App or via the Parent Web Portal. Because SmartCare is cloud-based, when payments are processed the center will update in real time!

It is so easy to start using SmartCare!

- 1) Once you are enrolled in CCS Extended care you will receive an email from SmartCare Services to set up your account. Please make sure we have your correct email address on file.
- 2) Download the SmartCare app on your mobile device from the App Store or Google Play and begin receiving updates from SmartCare
