

PCC Liaison Report

Liaison to: Education Commission

Meeting Date: Jan 05 2021

Location: ZOOM meeting

Meeting Highlights:

- a) Claire Corridoni, our new YAYA Coordinator, appeared and introduced herself and her mission to the group. Everyone seemed very impressed with her and are looking forward to opportunities to partner with her. Matt Sokany even went so far as to send her contacts for all the members on Education Commission in the event she wants to reach out for future projects.
- b) Mrs. Rhoten gave her monthly Covid status update.
- c) Mrs. Rhoten discussed the Strategic Plan update, especially the 4 pillars, which are:
 - 1. Staff recruitment and retention.
 - 2. Financial sustainability
 - 3. Engaged learning
 - 4. Social and emotional

These four pillars will have a 3-year goal with a first year objective. The next meeting of the Education Commission will be held on February 2nd, and this upcoming meeting will be mostly devoted to the roll out of the Strat Plan.

- d) Open House preparation was discussed. Open House will be held on Jan 31. As might be expected, this will be different this year than in past years (appointments must be made, private tours, etc).
- e) Prospective Parent Night: 16 families have registered.
- f) PTO: Plans has begun to discuss plans to overhaul the outdoor courtyard space so that it can be utilized as classroom and sacred space. No real definite plans yet. The idea is to make the space more pleasing to the eye, but also functional so that it can be used as an extension of learning and classroom space.
