

We are unveiling the Basilica's 2019 – 2020 Sacred Music Concert Series today! The Basilica is hosting several prominent local ensembles this season, and our own Gloria Dei Schola will be giving a concert to benefit Food for the Poor. Please pick up a few gold brochures in the vestibule to hang on your refrigerator and to give to your friends.

Our opening concert is an organ recital by Dr. Sarah Harr next Sunday, September 29, at 5:00 pm: The Life and Legacy of Paul Manz, whose centennial is this year. Admission is free, and we will have a reception afterwards. This is a great opportunity to open our doors to evangelize the community through sacred music and the artistic beauty of our church. Invite your friends! As always, donations to support sacred music concerts at the Basilica will be gratefully accepted.

*Rev. J. David Carter*
