**August 30, 2021**

**Asbestos Update**

**2021-2022**

TO: Parents and Staff of Shrine Catholic Grade School

FROM: Mr. Scott Wisniewski, Principal

DATE: August 30, 2021

**Shrine Catholic Grade School** has had an Asbestos Management Plan prepared in compliance with the USEPA Asbestos Hazard Emergency Response Act (AHERA). This plan and subsequent updates are available for inspection Monday through Friday during normal school hours in the Main School Office.

In January, 2017, a three-year re-inspection, required by the AHERA regulation, was conducted by a Michigan Accredited Asbestos inspector to re-evaluate the condition of asbestos containing materials at the facility.

In November, 2020, a Six-month Periodic Surveillance review, required by the AHERA regulation, was conducted by AKT Peerless Environmental Services to re-evaluate the condition of asbestos containing materials at the facility. In April 2021, Terry Lynch performed a Six-month Periodic Surveillance re-inspection.

Both inspections also evaluated Operations and Maintenance procedures that will keep asbestos materials in good condition.

If you have any questions, please contact Terry Lynch, Maintenance Supervisor, our designated person for asbestos activities.
