# HIGH SCHOOL PLACEMENT TEST REVIEW

The HSPT Prep Session is optional, however, it is designed to provide students in the Class of 2026 an opportunity to be prepared for the mandatory HSPT by knowing what to expect on the HSPT, ease any anxiety about the unknowns of the test, provide test taking strategies, and run through sample test questions. The prep sessions will include a practice book that students will take home.

Students are also welcome to attend an actual practice test. Students will sit for **five, shortened** HSPT sections, including verbal, quantitative, reading, mathematics and language skills. (Time dependant.) Students will receive answer key to check their work at home.
