

September 24, 2020

Dear Parents,

Rather than send a short update today, I am sending my weekly newsletter at this time.

We have now completed two weeks of **IN SCHOOL and DISTANCE LEARNING** and during this time we have had not even one single case of COVID. This does not mean we can reduce our efforts to keep everyone safe. We actually need to keep very vigilant and continue doing all that we are doing: making sure everyone remains 6 feet apart, everyone wears a cloth mask, and we continue to wash our hands whenever possible. Thank you for washing the masks so that students do not come to school with the same one everyday. Thank you for sending two bottles of water and the supplies with your child/children so that we can continue to clean throughout the day. We continue to pray that Our Lady of Guadalupe will keep everyone safe and that our school does not have cases of COVID.

Because our students are using their chrome.books during almost every class, **their batteries start to run a little low at the end of the day.** We recommend a portable battery charging system as in Cirilio Hall we do not have much in the way of outlets. Please invest in one for your Middle School student.

We have full days all this next week. Thank you for **signing up for the lunches on FACTS at least 24 hours before** the day of lunch. So far everything is going very well.

If you are not receiving the colorful **CONSTANT CONTACT** which we send out to families, alumni, and benefactors each week, let me know so that I add you to the list. In this communication I put in many photos of students and other activities that the school is involved in so that you can feel more part of the school community.

We will have Mass for our students, but it will most likely be scheduled for the following week. Remember that parents will not be allowed to attend. We will livestream the Mass for our Distance Learners.

Please keep your children safe during the weekend, avoiding crowds and stores and places where you do not know the people. If we all work together we can avoid having to send home classes due to cases of COVID. Thank you! Have a wonderful weekend!
