

I am grateful to Project Rachel for helping me through a very painful time in my life. When I arrived at one of the Project Rachel weekend retreats, I felt so depressed and remorseful at having two past abortions. There I was warmly greeted by the wonderful women who run Project Rachel. It was in this beautiful sanctuary that I found the love, compassion, and forgiveness from a most merciful God and I know it was His grace that brought me there. This experience will stay with me forever. I'm at peace now because I know my two children are with God and I thank God for Project Rachel.
